

BluePark

To add a Bluepark sales channel on Despatch Cloud, you must have the login credentials for it. As you can see in the picture below, there are some fields like **API Username**, **API Key**, and **Domain** that you need to obtain from your Bluepark store.

In order to create Credentials follow the steps below:

1. Login to your Bluepark Admin Manager.
2. Navigate to the **Users -> Admin Users** from the Menu Bar

2-1.png not found or type unknown

3. Click on the green **Plus** button or select an existing admin user by clicking on the username or the pencil button to enter the "**Admin Editor**"

3.png not found or type unknown

4. Scroll down the page to find the "**Admin Panel Access and Authorisation**" section and check the box to "**Enable API Access**"

5. Click on the floppy disk icon to **Save** your changes.

6-1.png not found or type unknown

Now you can view all of your API access credentials which you could use to setup your Bluepark channel on Despatch Cloud.

Note: Enter the "**API Access URL**" in the "**Domain**" field.
