

Etsy

To setup an Etsy sales channel on Despatch Cloud, you must fill out the credentials, then connect to the channel. In order to setup an Etsy sales channel on Despatch Cloud follow the steps below:

1. Enter a name in the "**Name**" field. It could be anything you want as long as it wasn't used already. Also, enter your "**Shop Name**".

0.png not found or type unknown

2. Then click on "**Submit**"

If you face an error as in the picture below, this means the name you picked is already taken and you have to try another name.

1.png not found or type unknown

If you get a message like in the following picture then it means you created your channel successfully.

2.png not found or type unknown

3. The next step is connecting the channel. In order to do that click on the **Link Icon**.

3.png not found or type unknown

4. Click on "**Allow Access**"

4.png not found or type unknown

5. If you haven't logged in to Etsy already, then you have to sign in to your account.

6.png not found or type unknown

But, if you were already logged in to your Etsy account, you will directly see the message below.

5.png not found or type unknown

Now your Etsy sales channel is added and connected successfully.
