

OpenCart

To setup an OpenCart sales channel on Despatch Cloud, you must have the login credentials for your OpenCart store. As you can see in the picture below, there are some fields like **API Key** and **Name** that you need to obtain from your OpenCart store.

0.png not found or type unknown

To obtain these credentials, follow the steps below:

1. Login to your OpenCart Admin Panel.
2. Navigate to the **Settings -> Users -> API** from the Menu Bar.

1.png not found or type unknown

3. Click on the **Plus** button.

2.png not found or type unknown

4. Enter a name in "**API Name**" field and click on the "**Generate**" button. Also, select the "**Enabled**" option for "**Status**"

5. Click on the floppy disk icon to **Save**.

Now you have the Name and API Key which you could enter in the required field to setup your OpenCart Channel on Despatch Cloud.

Note: In the "**Domain**" field please enter the store URL.
