

Wish

To set up a Wish store on Despatch Cloud, you must have the login credentials for your Wish store. As you can see in the picture below, there are some fields like **Client Key** and **Client ID** that you need to obtain from the Wish store.

0.png not found or type unknown

To obtain these credentials, you will need to create a new Private App in your Wish merchant account. In order to create a Private App follow the steps below:

1. Login with your Wish merchant account: <https://merchant.wish.com/login>
2. Navigate to **Account > API Settings**.

1.png not found or type unknown

3. Click on "**Register a private app**" from the "**Private app**" section.

2.png not found or type unknown

4. Enter an "**App Name**" and the link below as "**Redirect URL**"

<https://staging.channelapi.co.uk/authorization/wish>

3-1.png not found or type unknown

6. Tick the checkbox and click on "**Submit**".

4.png not found or type unknown

Now you have the **Client Key** and **Client ID** which you can enter in the required field to set up your Wish Channel in Despatch Cloud.
