

WooCommerce

To set up a WooCommerce store on Despatch Cloud, you must have the login credentials for your WooCommerce store. As you can see in the picture below, there are some fields like **Consumer Key** and **Consumer Secret** that you need to obtain from your WooCommerce store.

[image_1632488047949.png](#)

To obtain these credentials follow the steps below:

1. Login to your **WooCommerce Dashboard**

<https://woocommerce.YourStore/wp-admin/>

2. Navigate to **WooCommerce -> Settings**

[2.png](#) not found or type unknown

3. Click on the **"Advanced"** Tab then **"Rest API"**

[3.png](#) not found or type unknown

4. Click on **"Add Key"** button.

[4.png](#) not found or type unknown

5. Define the API **"Key Details"** according to the image below. You can enter anything you want in **"Description"** but you should set the **"Permissions"** field as **"Read/Write"**.

[5.png](#) not found or type unknown

6. Then click on **"Generate API key"**

[6.png](#) not found or type unknown

Now you can copy the **Consumer Key** and **Consumer Secret** and enter them in the required fields in Despatch Cloud.
