

Zoho Commerce

To set up a Zoho Commerce store on Despatch Cloud, you must have the login credentials for your Zoho store. As you can see in the picture below, there are some fields like **Client Key** and **Client Secret** that you need to obtain from your Zoho store.

Image not found or type unknown

To obtain these credentials, follow the steps below:

1. Login to your Zoho Account
2. Open the link below

<https://accounts.zoho.com/developerconsole>

3. If this is the first time you are adding a client, click on **"Get Started"**

Image not found or type unknown

If you added a client before, click on **"Add Client"**

00.png
Image not found or type unknown

4. Choose **"Server-based Applications"** as **Client Type**.

5. Fill in the fields as follows:

Client Name: Any name can be given

Homepage URL: <https://staging.channelapi.co.uk>

Authorized Redirect URIs: <https://staging.channelapi.co.uk/authorization/zohocommerce>

2.png
